# Circulating and Consulting Library

FOR

## OFFICERS AND EMPLOYEES

OF THE

## Boston & Albany Railroad Company.

### OBJECT.

To have within reach of Officers and Employees the best Books on the Railway system and the Industrial Arts, and also as many on the Sciences and in General Literature as shall be attainable.

### ORGANIZATION.

ART. I. A Library Committee of five shall have control of the Library and appoint its Librarian.

Said Committee shall consist of two members of the Board of Directors, the Clerk of the Boston and Albany Railroad Company, the Assistant Superintendent and the Master Mechanic of the Boston and Worcester Division, who shall hold their office for one year, and until others are appointed in their stead. All vacancies in the Committee to be filled and appointments made by the Board of Directors in such manner as they shall direct.

## TWO DEPARTMENTS.

CONSULTING AND CIRCULATING.

ART. II. The Library will be divided into Consulting and Circulating departments.

*Consulting.*—The works in the Consulting department will not be removed from the Library without the consent of at least two members of the Library Committee; but may be seen whenever the Library is open, and at such other times as the Librarian may appoint or permit.

*Circulating.* — All in the Circulating department are for the use of every officer and employee of the Boston and Albany Railroad while in its service and while they comply with the Rules established by the Committee.

## LOCATION.

ART. III. The Library shall be kept in the Passenger Station of the Boston and Albany Railroad in Boston, and in the Library-Room, so called.

## LIBRARIAN.

ART. IV. The Librarian shall have the immediate and personal oversight of the Library-Room and its contents, and will hold his office until changed by the Committee. He will deliver books when the Library is open to any who may call for them, in accordance with the Rules; keep a true record, collect all fines, and report to the Committee semi-annually its condition, history and wants. He shall have the Room open on Wednesday evening of each week, from 7 to 9 P.M., between Oct. 1 and April 1; and between April 1 and Oct. 1, once a week, for two hours, at such times as shall be found most convenient to all interested.

## RULES FOR THE CIRCULATING DEPARTMENT.

I. Not more than two volumes shall be taken at a time by any one person, nor kept more than two weeks, nor taken a second time, when wanted by another.

II. Any one known to the Librarian to be in the service of the Boston and Albany Railroad Company, may call when the Library is open or send for books in accordance with its rules.

III. Those who cannot call will order through a Station Agent, or Head of Department, and the person ordering will be held answerable to the Librarian for the safe return of the books.

IV. A fine of 5 per cent. per day upon cost will be charged by the Librarian upon each book for detention beyond the prescribed time, and he will assess such fines for injuries or mutilations as may seem to him just, which must be paid before other books are delivered to the same person.

V. The fact of taking books from the Library will be understood as an acknowledgment of the binding force of the Rules of the Committee in regard thereto.

VI. All persons out of Boston will pack their books in strong paper, and direct to "Librarian, Boston & Albany Railroad Library, Boston," writing plainly from whom, and name of station, and, as far as practicable, will send them on Tuesday of each week. Orders for books shall be answered on Thursday or Friday of each week.

VII. Books in transit, either way, shall not be at the risk of the person sending or receiving them when forwarded in care of a regular Baggage-Master.

VIII. If any one has books, or other property of the Library, when leaving the service of the Company, the value of the same shall be deducted from his wages.
